

As you may know the General Data Protection Regulations came into force in May last year. The Regulations provide for better protection of your personal data, and for what purpose it is used. The Regulations require that anybody holding personal information about an individual must seek their consent or have another lawful reason for retaining this information.

In the case of JH Swim School we have records of your personal information that include, names of pupils and parents and guardians, address, email address, telephone numbers and confidential medical details. We have been using this information to keep in touch, provide you with details around swimming lessons we offer, tell you about changes to schedules on occasion, contact you about emergency pool closures and in the case of medical details, this helps us to personalise the lessons to support the pupil more easily, and so on.

We would like to continue using your personal information for the purposes that are outlined above.

If you would not like to be contacted in this way in the future please email me on jhswimschool@gmail.com and simply put in the email subject title: "Please delete all details you hold about me." Please be reassured that if and when your child/children cease swimming with JH Swim School, I destroy/shred all paper enrolment forms.

Finally, should you wish to change your consent you can do so at any time by emailing me, by contacting me on my mobile, or by sending a letter.

Kind regards
Jane Hayman 07956 833586
JH Swim School.
